** A student with a visible or invisible disability is defined as someone who has, or considers themselves to have, a long-term, or recurring, issue that impacts one or more major activities that others may consider to be a daily function; this definition also includes the perception among others that a disability exists. We know that 90% of disabilities on campus are invisible, and candidates with all disabilities are encouraged to apply.*

Lime Connect is a global not for profit leading the way as the premier resource for top talent in the disability space by attracting, preparing and connecting highly accomplished individuals with disabilities for careers with the world's leading corporations.
